Get Ready:

PREPARATION IS THE KEY

Sometimes, I still can't believe we have been in this COVID environment for over two years now. There are so many personal and professional challenges we have overcome showing us how strong and adaptable we are individually and collectively in this new normal! Let's continue to put the work in to maintain this success! Teleworking has been great for morale, helped us maintain the mission and offered less time management concerns. Some other benefits: being in the comfort of our own homes, not having to deal with morning traffic or picking out clothes for the week... It has also offered many unique challenges as well. Nonetheless, we have to start preparing our minds *and time* for coming back into the office at least a few times a week. What are some of the things we have to look forward to? In-person opportunities to catch up, warm smiles, and strengthening our camaraderie even more with fun activities like org days and potlucks! Last but not least, less IT issues, which are much better now than when we started (thanks IT team). Family, no matter how or where we work please continue to be mindful of self-care, a strong you makes us better! *As you know nothing is finalized, as the COVID climate and ultimately your safety dictates the direction, these are things to keep in mind for our near future.* I say often, I am so thankful to be a part of this great team and family, I know the best is yet to come, stay focused and keep preparing for change!

UP-TO-DATE CONTACT INFORMATION IS A MUST

In our environment change is constant! One thing you can do as a publications change manager, action officer, publication manager, forms manager or OPR point of contact is ensure your contact information is up to date! Please ensure you check your individual and workflow addresses within AFIMPT to ensure they are current. Since we migrated from mail.mil to us.af.mil addresses many have not been updated. If your address needs to be updated contact the AFIMPT team at SAF.AA.AFDPO.AFIMPT@us.af.mil to request those updates as they do not update automatically. Updated contacts helps you and your organization receive automatic notifications and alerts from AFIMPT and makes you accessible to those who need your support!

Thanks for helping us better serve the publications community by doing your part!

The Publications Management Team (PPX)

Greetings from the Publication Review Team!

Thank you for your hard work and dedication to completing the Air Force Publication Review Initiative (AFPRI). Together we have published 878 publications and eliminated 524 obsolete, unnecessary and burdensome publications. With just 47 publications remaining from 13 two-letters, we ask for your continued support in completing this initiative. For AOs and PCMs with AFPRI publications remaining, please continue to provide monthly updates on the status of your publication(s) and expected completion date(s) to SAF.AAIP.PRTWorkflow@us.af.mil.

Second, we are collecting feedback to evaluate and reshape the PRT review process. We welcome your feedback and ask AOs and PCMs to please complete our customer survey: https://www.surveymonkey.com/tr/v1/te/akU_2BQc2vAhAAsa_2B264x1g6_2FpF_2Fhy3EhxbpxJDHYpYZT3PErDK_2Bf6OjNYOPsqZdKwgy1CvCGoJvyPn6lwQx8bYJ3tT8IL_2BSTeUt60GD62mCuLjE_2Fa_2F_2F_2Bn6uyvVLVGj4ulaujByJ6jurK58dBXjvuq1dww3gfJT1b_2Fn8vI_2FCsa5VaDmT5EkhlO0CTD102_2BvPt5l
